Bishop's Day 2010

Workshop opportunities

“How to Reach your Community” with Steve Sjogren

Steve is known nationwide for his passion and leadership in the area of servant evangelism. He currently serves as the senior leader and founder of Coastland Tampa, in Tampa, Florida, which is a unique church that invites people to join them in living out what Jesus had in mind when he launched His followers to change the world and demonstrate the Jesus kind of life in daily, practical expressions of kindness and love.

“The Growth Experiences of the Indian River UMC” with Gary Step

Gary is the Senior Pastor of the Indian River United Methodist Church in Indian River, Michigan. Gary will share the story of how their congregation has grown to an average of over 300 worship attendees per week in a community of just over 2,000 residents. Their rapid, tremendous growth caused them to build an entirely new church building which can be clearly seen while driving south on I-75.

“Looking at Where God is Moving Us by Facing Change in the Local Church”

with Jerry Devine

Jerry is the Director of Connectional Ministries for the Detroit Conference. Rev. DeVine served in the West Michigan Conference as the Superintendent of the Albion District from 2004-9 and was a Conference Staff Ministry Consultant from 1999-2004. He grew up in South Dakota and has served churches in Delaware and Maryland before coming to Michigan. Jerry has been an active participant on the General Church level and was one of the founding members of the North-Central Jurisdiction Committee on Native American Ministries.
